

Behaviour Maturity &
Transition-to-Independence

RESIDENTIAL CARE SUPPORT PROGRAM

*Support. Stability.
A Real Path Forward.*

A SAFE ENVIRONMENT. A STRUCTURED PATH TO INDEPENDENCE.

WOLTi provides a trauma-informed, strengths-based program supporting young people in residential care to build emotional stability, life skills, and a clear pathway to a positive future.

OUR APPROACH

**WRAP-AROUND, LONG-TERM SUPPORT –
NOT SHORT-TERM PROGRAMS**

Trauma-informed & culturally aware mentoring

Emotional education & behavioural development

Life skills & employability training

Individual case management (months to years)

Career pathway planning & self-discovery journey

Integration with existing care teams and services

WOLTi focuses on **continuous support** until **independence** is achieved, not fragmented interventions.

SPECIALISED EXPERIENCE

Delivered inside **Brisbane Youth Detention Centre**

Supporting young people **in and out of custody**

Addressing cycles of reoffending, trauma, and disadvantage

WHO WE SUPPORT

Young people aged approx. 15–25 who are:

In residential care or at risk placements

Involved in youth justice or at risk of offending

Experiencing trauma, abuse, or homelessness

Disengaged from school, training, or employment

PROGRAM OUTCOMES

Improved emotional regulation and behaviour

Increased engagement in education or employment

Reduced re-offending and risk behaviours

Development of self-worth, confidence, and purpose

Transition toward independence and stable living

WHY WOLTi

Many services address one issue. **WOLTi connects the whole journey.**

We work alongside residential care providers to:

- ✓ Stabilise behaviours
- ✓ Build trust and motivation
- ✓ Support long-term outcomes aligned with KPIs
